

Awareness to Action

PREVENTING CHILD SEXUAL ABUSE IS AN ADULT RESPONSIBILITY

1 in 10 children will be sexually abused before their 18th birthday. Your organization can prevent child sexual abuse by adopting best practices for child safety and wellbeing. A2A MO is your organization's roadmap to preventing child sexual abuse!

6 Best Practices for Preventing Child Sexual Abuse in Organizations

- SCREENING AND SELECTING EMPLOYEES AND VOLUNTEERS
- GUIDELINES FOR INTERACTIONS BETWEEN INDIVIDUALS
- MONITORING BEHAVIOR
- ENSURING SAFE ENVIRONMENTS
- RESPONDING TO INAPPROPRIATE BEHAVIOR, BREACHES IN POLICY, AND ALLEGATIONS AND SUSPICIONS OF ABUSE
- TRAINING ABOUT SEXUAL ABUSE PREVENTION FOR EMPLOYEES AND VOLUNTEERS

This program helps organizations work through the **WHYS** behind policies and practices in an effort to build organizational cultures that center child safety and wellbeing.

ASSESS CURRENT PRACTICES

Assess your organization's current practices to see where there is opportunity for growth.

BEST PRACTICES WORKSHOP

Multiple stakeholders from your organization participate in a 3 hour workshop to learn best practices and create an action plan for change.

ENACT CHANGE

Through consultation and two, 1-hour meetings over 6 months, organizations are provided with support and resources to enact change and move towards best practices.
