SOMETHING WE
AGREE ON

SO IS BEING A KID

- **Accidents will happen.** Progress isn't always a straight line.
- **Children WILL test boundaries.** It's how they learn.
- Sometimes, **we over-estimate what little ones can understand.**
- **We'll never have all the answers.** Just be there and listen.
- What feels **trivial** to us might **mean the world** to our children.
- **Behaviors that feel challenging to us are a kid's way of saying they're tired, hungry, scared, over-stimulated, uncomfortable or, even, excited!**
